G2 ANTENNAS

1 field G2 Antenna
15 x 19 cm
5.9 x 7.5“

2 field G2 Antenna
28 x 26 cm
11 x 10.2“

4 field G2 Antenna
56 x 26 cm
22 x 10.2“

SPEED² ANTENNAS

8 field Speed² Antenna
47.5 x 30 cm
18.7 x 11.8“

12 field Speed² Antenna
76.5 x 30 cm
30.1 x 11.8“

- Based on the state-of-the-art PLB technology
- High Speed clocking and wide reading range
- Flat (2.7 cm/1“) and water resistant
- Available with 1 or 4 reading fields (sensor coils) on one G2 antenna
- 1 field G2 antennas can be arranged directly next to each other
- Status display LED for function tests

- High Speed reading capability
- Double security - pigeons are timed twice
- Flat and resistant to rain or splashing water
- 50 % reduced power consumption
- Pigeons are timed over the entire surface with no dead zones
- Timing up to 36 pigeons/second with just one antenna
- Includes 3m (10 feet) connection cable

How to connect the BENZING M3 in your loft?

Up to three 12 field Speed² antennas or six 8 field Speed² antennas can be connected to the BENZING M3 system without an additional power supply

The system can be extended to a maximum of 64 PLB Speed² or G2 antennas at any time using the PLB power adapter.
