COMPATIBLE WITH
BENZING M3, M2, M1 and G2+

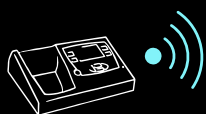

The BENZING Smart Loft Sensor TH1 is a small, battery-operated Bluetooth sensor and records both temperature and humidity in your pigeon loft.

Uniting the world of pigeon sports online

The BENZING Live SMART HUB 5 is the central interface for data communication between the fancier and the club and makes the handling of a race weekend much easier. An integrated modem automatically connects to the BENZING Cloud - so you do not need additional INTERNET connection.

Another highlight is the loft diagnostics, which shows the current status of your loft system like connected devices, temperature and humidity. An integrated cloud clocking module registers the pigeons even while you are away. No worries about updates - automated update services will make your life much easier.

THE SYSTEM OF THE FUTURE

SMART LOFT

HOW DOES THE SMART LOFT WORK?

1 BASKETING PROCESS in the club
Already during basketing the pigeons will be transmitted to the cloud and automatically assigned to the race by using the BENZING Live SMART HUB. The Basketing list will be generated and forwarded to the BENZING App.

2 LIBERATION MANAGEMENT
The release coordinator confirms the liberation time and as well the coordinates and activates the race at the same time. Additional he is able to upload the liberation video to his community.

3 ARRIVAL & EVALUATION@HOME
The pigeons will be clocked as usual and the arrivals will be transmitted in real-time to the server. The optional Evaluation@Home will close the flight and evaluate the race directly in the management software in the Cloud.

4 BENZING APP
The BENZING Live App will keep you updated about every single step via Push-Up Notifications. In addition the fancier and as well the Club Manager will receive the Basketing and Evaluation list (PDF) within seconds.

5 RACE RESULT AND COMPETITION
MyPigeons.live is a first class online software for calculation and online presentation and will be the best solutions for your realtime race calculation on highest level.

6 FAMILY FRIENDLY
The Smart Loft System is a family friendly solution which also saves you a lot of money and time. We are convinced that our Smart Loft Solution will revolutionize the pigeon sport.
