Cloud Clocking

The BENZING Live Smart Hub is a network node that is also equipped with its own internal memory. If the BENZING clock is separated from the BENZING Live Smart Hub, the BENZING Live Smart Hub will switch to the cloud clocking function and begin to register the arrival of pigeons. This takes about 5 seconds to activate and will store the arrivals up to 24 hours from when the BENZING Clock was disconnected.

There are different LED status to show the state of the BENZING Live Smart Hub.

BENZING Live Smart Hub LED lights status

- The LED blinks red during initialization and will stop once the connection is established. This may take a few minutes.
- The green LED flashes while data is being transmitted.

Cloud Clocking with BENZING M3/M2

Please check on the main screen if the cloud clocking function is available on your device. The cloud clocking function requires the latest firmware version of the BENZING Live Smart Hub and the BENZING Express G2+ is installed.

BENZING Smart Loft Sensor TH1 - Additional Extension

The BENZING Smart Loft Sensor TH1 is a compact, batteryoperated Bluetooth device designed to monitor temperature and humidity in the pigeon loft. It records values ranging from -25°C to +60°C, which can be viewed on the BENZING Smart Loft Dashboard. You can use up to 10 sensors simultaneously with the BENZING Live Smart Hub 5.

BENZING Live Smart Hub

Version 2.2 – 05/2025 English

www.benzina.co

BENZING Express G2+: Plug in the matching 9-pin plug of the adapter cable into the BENZING Express G2 fancier cable. 4 Connect the other 9-pin plug of the adapter cable into the antenna cable.

- Connect the cable with the "GPS" to the SMA jack on the BENZING Live Smart Hub device.
- 6 Make sure that the GPS receiver is placed outside the loft. This will ensure correct functionality.
- 7 Connect the round plug of the power supply into the round power jack with the mark "DC 12V" of the BENZING Live Smart Hub device.
- 8 Plug in the power supply to your power socket.

BENZING MyPigeons.live or ipfn.live Website Online

Register and login on the website www.mypigeons.live/ipfn.live

You can log in to the website using your Live ID and password. Click on "Login" and enter the live ID and password.

1 If you have not registered yet, click on "Register" to create a BENZING account.

2 Enter your data in the window below and click on "Register". You will receive an e-mail with the confirmation. In this email, click the verify button to confirm the registration. The email or SMS must be confirmed first; otherwise, the IPFN remains invalid and cannot be used. After logging in, you will be taken to your personal dashboard.

Start BENZING Live:

After all devices are connected to each other and the power is connected, the BENZING Live Smart Hub and the BENZING M3/M2 will start. See here the most important information about the connections:

How to enter the LIVE ID with BENZING M3/M2

System.

System:

Open keyboard:

Please press on the button to open your keyboard.

7

Please enter your LIVE ID which you can find in your MyPigeons account in Smart Loft and confirm with the green button. 🗸

P Create Your BENZING Account and how to start with BENZING Live

How to create and set up your BENZING account:

- 1 Go to https://mypigeons.benzing.live and click on "Log In"
- 2 Click on "Don't have an account? Register for free"
- 3 Fill in your personal details and click "Register"
- 4 Check your inbox or phone for a verification email or SMS and confirm

Getting Started with BENZING SmartLoft Connect your loft – your first step after registration:

- 5 Click on "Connect your first loft"
- 6 Enter the following details:
 - Select Organisation or Private

If you select Organisation:

- Enter your name in the search field to find your account
- Select it
- Continue to the "Connect BENZING Live Smart Hub" step
- If you choose Private:
- Enter your name
- Enter your loft name
- Enter the coordinates of your loft (Note: If you don't know your coordinates, open Google Maps, click
- on your loft location, then copy the coordinates shown below
- 7 Click on "Save" to complete the loft setup

Connect Your BENZING Clock to Your Smart Loft

- 8 Click on "Connect BENZING Live Smart Hub", or go to "MY LOFT" and select "Start with BENZING Live"
- 9 Click on "Create Credentials"
- 10 You will receive a Live ID and Live Password
- 11 Enter this information into your BENZING clock to connect it with your BENZING Live Smart Hub
- 12 Once the Smart Hub is successfully connected to MyPigeons, you'll see the message "clock connected", and your device will be displayed

Manage Your Devices and Membership

- 13 Open the "Smart Loft" tab in your loft to view all connected or currently disconnected devices
- 14 Your Live ID and Live Password will be visible on the right-hand side
- **15** You can also check if a valid **Home Evaluation Membership** is active.
- If not, you can purchase one at store.benzing.live
